

CONSTRUCTION START NOTICE: STAGES B & C

Construction to commence: Tuesday 17th October 2023

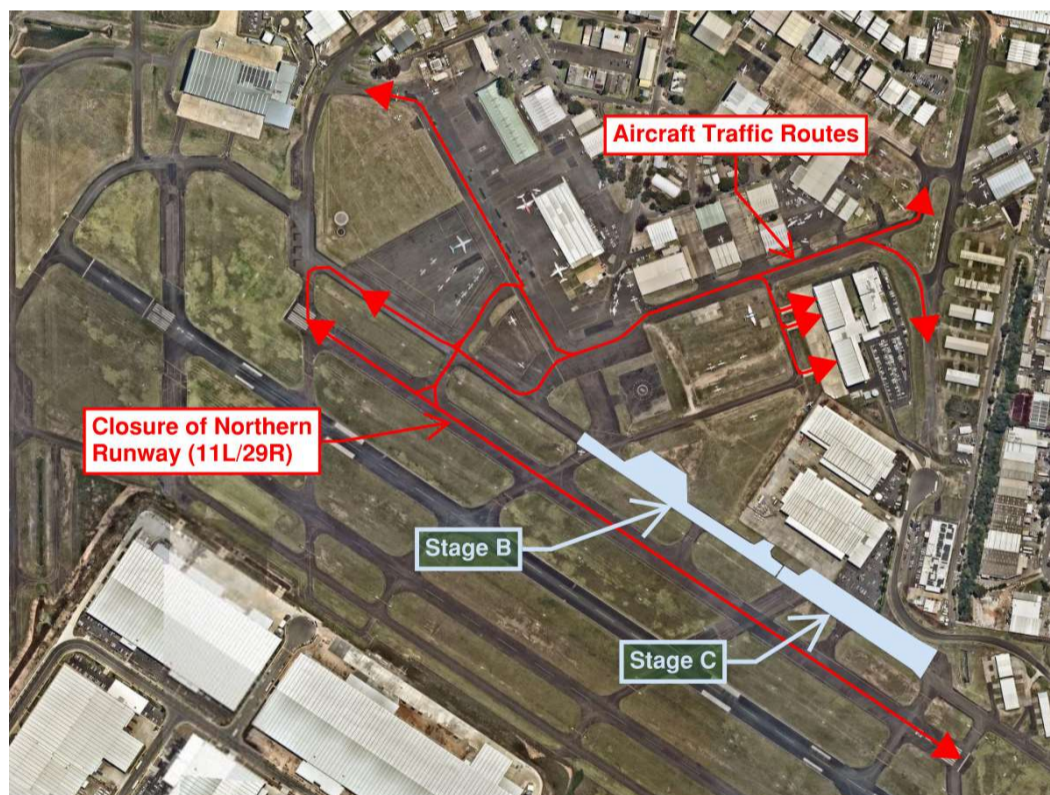

Stages B and C of the major Airside Pavements upgrade at Bankstown Airport will start on 17 October 2023.

The works include:

- Reconstructing the pavement along Taxiway A. The works will require the partial closure of Taxiway Alpha between Alpha 4 and Alpha 7.
- To ensure continued access to the airfield, the Northern Runway (11L/29R) will be closed during the works to assist with the movement of aircraft.

Runways 11C/29C and 11R/29L will continue to be available.

Planned Stage B & C Works

Stage B and C works are expected to finish around March 2024.

We appreciate your cooperation and patience while we complete this important and necessary work to improve the safety and conditions of Bankstown Airport for our General Aviation customers.
