

Airside Pavements Upgrade: Stage E Construction Start Notice

Delivering a renewed, safe and fit for purpose airfield network for Aviation Users

Construction to commence: Tuesday 3rd October 2023

Stage E will see the partial closure of Taxiway Mike 1 for an estimated duration of 1 week. During the works, Stage A will remain closed. However, the temporary taxiway will remain open to assist with the movement of aircraft on the airfield.

Planned Stage E Works

We appreciate your cooperation and patience while we complete this important and necessary work to improve the safety and conditions of Bankstown Airport for our General Aviation customers.
