CONSTRUCTION START NOTICE: TOWER ROAD UPGRADE PLANNED COMMENCEMENT OF STAGES 5-10

Stages 5-10 of the Tower Road & Link Road upgrade have commenced on 30 October 2023, as part of a major project to improve safety, accessibility and amenity for drivers and pedestrians.

THE WORKS

The works will be on the southern section of tower road, as marked on the map below. the works are expected to run for approximately four weeks, weather dependent.

The works include:

- Tree stump removals
- Preparation works for road widening.
- Installation of stormwater infrastructure
- Installation of electrical infrastructure

POTENTIAL IMPACTS AND MITIGATION MEASURES

- The works may require temporary partial road closures and parking limitations.
- Traffic management measures will be in place to minimise impacts on road users and pedestrians.
- Some customers may experience temporary access restrictions to their site during the works. we will notify and consult directly with those customers in advance of any such works.
- Some works will take place between 7pm and 6am to minimise impacts on daytime airport operations. access to tower road will be maintained during those works for our customers and other airport users.
- Emergency service vehicles will always retain priority access to the road.
- While we are working hard to minimise any inconvenience, please allow for extra travel time and use alternative routes where possible.

STAGE 5-10 WORKS
