

Construction Start Notice: Tower Road Upgrade Stage 4 Works

The next stage of the Tower Toad/Link Road upgrade will start on Sunday 15 September 2024, as part of our major project to improve safety, accessibility and amenity for drivers and pedestrians.

The Works

The works will take place on Link Rd, between Rabaul Rd and Drover Rd, as marked on the map below. The works are expected to take approximately four weeks, weather dependent.

The works include:

- Installation of stormwater infrastructure
- Rabaul Rd pavement works

Nightworks and Road Closures

- Stage 4 works will take place at night, from 7pm to 6am, to minimise inconvenience and disruptions.
- Separate Stages 5-10 nightworks are continuing on Tower Rd, between Murray Jones Drive and Rabaul Rd, as marked on the map below.
- Our customers and emergency services will retain full access to Tower Rd and Link Rd, as required.

For other road users, the following road closures will be in place between the hours of 7pm and 6am for the duration of the nightworks:

- Link Rd will be closed between Rabaul Rd and Drover Rd, from 15 September. This includes no access between Link Rd and Rabaul Rd
- Tower Rd will continue to be closed between Murray Jones Dr and Rabaul Rd

All road users should allow for extra travel time and use alternative routes if possible. We are also working directly with customers in

the vicinity of the works to minimise any inconvenience.

Thank you for your patience and cooperation in helping us create a safer, more accessible, and enjoyable airport precinct for everyone.

If you have any queries or would like further information, please contact us via the details below or speak with your AMG Property Manager.
